Subject: Quick Check on Files for Tower Standard
Files from OSC Web Site.pdf

Hi Robert – I am attaching a list of the files we pulled from the OSC web site -- if you could take a look and let me know if it looks complete – that would be great.

I just want to make sure I have everything the team will need. We also have the Tower Standard REI Report you emailed last week (6 parts).

If I need to look elsewhere for additional files, just let me know - -Thanks!
